**The Torrance Course** - With traditional revetted bunkers, this traditional Scottish links style course is a true challenge for amateurs and tour players alike. Originally designed by Sam Torrance and Gene Sarazen, the course now enjoys new tees and state of the art drainage system throughout. The exciting course opened on the 13th July 2009 and is the host venue of The Scottish Seniors Open in 2009 and a final qualifying venue for the 2010 Open

**The Kittocks** is a coastal golf course with stunning views over the Eden Estuary and beaches of St Andrews. What was formerly known as The Devlin Course, reminded Gene Sarazen of Pebble Beach, and has been re-routed with two holes coming from the Torrance course.
