

Smudge's Story

It is with great pleasure that The Fairmont Algonquin introduces Smudge, Canine Ambassador.

Born December 1, 2007, Smudge was originally trained to be a guide dog with Canadian Guide Dogs for the Blind but was unable to overcome anxiety and distraction while working. In partnership with Canadian Guide Dogs for the Blind, Smudge has started a new career at The Fairmont Algonquin where she can constantly socialize and be the centre of attention. As Canine Ambassador, Smudge will happily greet guests in the lobby and will be available for walks around the charming town of St. Andrews by-the-Sea five days per week.

Visit the Front Desk for more information or to schedule your walk with Smudge. Please note that this program is available for registered hotel guests only from 8:30am-5:00pm Monday through Friday.

Smudge would love to hear from you! You can email her at smudge.algonquin@fairmont.com.
