

The background of the menu features a collection of spa-related items arranged on a wooden surface. In the foreground, there is a wooden bowl filled with white bath salts and a wooden scoop. Next to it are several rolled-up towels, some in white and some in cream, along with a pine cone and some dark, smooth stones. In the background, there are several bottles of essential oils and a sprig of green pine needles. The top left corner shows a scenic view of a mountain range under a clear sky.

NOURISHED BY NATURE

The grandeur of Mount Kenya does more than simply take your breath away: It inspires you to slow your pace. To breathe deeply. To reflect on the amazing artistry of nature. This reflection underscores every treatment and experience offered at the Fairmont Mount Kenya Safari Club Spa.

At Fairmont Mount Kenya Safari Club Spa, we channel the natural elements that surrounds us through treatments designed to enliven your skin, restore your muscles and soothe your spirit. Here, we unite ancient modalities of movement with sophisticated technologies to transform our awareness of what our bodies can achieve.

We invite you to share this space with us and begin your own story of connection—to the powerful mountain and the elemental brilliance of nature, but most of all, to yourself.
